

TERROIRS DU VERTIGE
VIGNOBLES D'ALTITUDE

CUVÉE DU CURÉ DE CUCUGNAN

IGP PAYS DE CUCUGNAN

GRAPE VARIETY

75% Merlot, 15% Syrah, 10% Grenache

VINIFICATION

Traditional destemmed vinification. Merlot and Grenache have a short time vatting of around 10 days to preserve the aromatic freshness and do not extract too much tannin. Syrah has a longer vatting time, around 15 days, which continues after the fermentation to create more structure.

TASTING NOTES

Nice purple colour which appears closer to violet. A complex and expressive nose with red fruit notes in line with a typical Merlot. In the mouth, acidity is indeed present with light tannins. It's a soft and fresh wine.

FOOD PAIRING

It's an enjoyable wine. Perfect for your every day meal not too spicy. Suitable with fish dishes, preferably grilled fish.

PACKAGING

75 cl bottle

STORAGE TIME

2 years

ALCOHOL CONTENT

15% vol.
